
FormulaX LiquidMetal™ Color Line

FormulaX LiquidMetal™ color line creates high-end appeal without the high cost of brushed or polished aluminum.

Summary

FormulaX LiquidMetal™ technology allows almost any custom color to be reformulated with our metallized effect. Available in more than 13 colors, **FormulaX LiquidMetal™** gives PE, PP, PET and other ETP's the effect of a highly buffed clear coat automotive finish. **FormulaX LiquidMetal™** colors create packaging with metal effects that catch potential customer's attention.

Product Overview

FormulaX LiquidMetal™ colors are ideal for cosmetics, skin and hair care, health and beauty aids; as well as specialty foods, beverages, packaging for car-care products, appliances and other durable goods.

Available colors include: brass, chrome, copper, black onyx, graphite, gun metal blue, bronze, glitzy gold, ruby slipper, silver sparkle, midnight blue, brown sugar and bright chrome. **FormulaX LiquidMetal™** colors can be formulated for aluminum effects, wet and matte metal looks, and opaque glass effects, and are available in most polymers and processes.

LiquidMetal is a dry masterbatch technology, and is ideal for both rigid plastics and flexible films, injection molding, blow molding and film extrusion processes.
