

AMPACET GLOBAL QUALITY POLICY

As a global supplier of masterbatches, compounds, and services to the plastics industry, Ampacet provides reliable products and services that meet applicable customer, statutory, and regulatory requirements, including those relevant to specific market segments such as food contact, pharmaceutical, medical, cosmetic and electronics.

We are committed to the continual improvement and effectiveness of our Quality Management System.

This policy supports Ampacet's strategic direction of delivering innovative, sustainable, and compliant solutions and provides a framework for establishing and reviewing measurable quality objectives.

Supporting Commitments and Principles

Management Commitment	Top Management is committed to conducting business fairly, honestly, and ethically. We strictly follow our Code of Conduct and applicable laws.
Health & Safety	Our organization prioritizes the health and safety of employees, partners, visitors, customers, consumers, and product users. We ensure a safe workplace and promote the safe use and handling of our products, which comply with relevant regulations.
Quality	We are committed to enhancing customer satisfaction, maintaining sustained compliance, and conducting our operations responsibly by: • Ensuring that this policy is communicated, understood, implemented, and available to relevant interested parties; • Ensuring all employees understand their role and contribution to quality and receive appropriate training; • Managing changes in a structured and controlled manner; and • Applying risk-based thinking throughout our processes.
Environmental Care	We aim to protect our employees, communities, and the environment. We are committed to reducing the environmental impact of our products and processes, using resources responsibly, and meeting pertinent customer, statutory, and regulatory requirements.
